Project Description

The recipient of a Historic Preservation Honor award from the City of Manitou Springs in May 2008, this fully restored 3-bedroom, 2.5 baths home must be seen to believe all of the fabulous features and details that have been built in.

The property has been completely renovated inside and out with every modern amenity, including 2-car garage, elevator, loft area with spiral staircase,

wood, ceramic tile and carpeted floors, central vacuum, custom cabinetry, professional landscaping with automatic sprinkler system, 2 decks and private patio area. A number of "green" features have been incorporated throughout, including energy-efficient radiant heat: triple-pane, low-e windows and dual-flush toilets.

This home is located right in the heart of Manitou Springs within walking distance of all the downtown shops, activities and schools and comes with

a comprehensive new home warranty provided by the builder.
